

PRISM FACILITY SERVICES AWARDED POWER SWEEPING AT BERGEN TOWN CENTER

LAKEWOOD, NJ – January 1, 2009 – Prism Facility Services, a wholly owned subsidiary of Prism Powerwash, Inc, has been awarded to provide power sweeping at the Bergen Town Center in Paramus, NJ, which encompasses 816,000 square feet. The newly redeveloped property is owned and operated by Vornado Realty Trust.

The contract covers all parking areas, including the property's 5-level parking deck. "We are pleased to continue serving Vornado management and staff," said Michael Davis, president of Prism Powerwash, Inc. "With our extensive experience in facility operations, we are committed to providing Vornado with the type of world-class customer service people have come to expect," he added.

Bergen Town Center is conveniently located in Paramus, NJ just minutes from the George Washington Bridge and the Garden State Parkway.

In 2003, Vornado Realty Trust purchased the mall and began the task of expanding and transforming the mall to meet the needs of its customer. Bergen Mall is undergoing a redevelopment that will transform the mall into Bergen Town Center. The construction has already begun and Vornado Realty Trust is making dramatic and substantial improvements to the center. On August 10, 2006, Century 21 opened, taking the 135,000 sq. ft. space formerly used by Macy's. Filene's Basement opened on September 28, 2007 and is located on the Route 4 Side of the mall just beneath Century 21.

Since 1990 Prism has developed from a small concern dealing with varieties of pressure washing to a successful company with the infrastructure to maintain and manage all facets of facility operations for over 1,000 properties in the United States and continuing to grow nationwide. Prism provides powerwashing, facility maintenance, and facility management for retail, commercial, municipal/ government, institutional, and corporate facilities expanding across the U.S. Their engineering expertise has enabled them to evaluate various manufacturer products and select the best equipment that is safe and environmentally conscious.
